Information about Copyrighted Content

Some instruments administered for studies archived with ICPSR may contain in whole or substantially in part contents from copyrighted instruments. Reproductions of the instruments are provided as documentation for the analysis of the data associated with this collection. Restrictions on "fair use" apply to all copyrighted content. More information about the reproduction of copyrighted works by educators and librarians is available from the United States Copyright Office.

NOTICE
WARNING CONCERNING COPYRIGHT RESTRICTIONS

The copyright law of the United States (Title 17, United States Code) governs the making of photocopies or other reproductions of copyrighted material. Under certain conditions specified in the law, libraries and archives are authorized to furnish a photocopy or other reproduction. One of these specified conditions is that the photocopy or reproduction is not to be "used for any purpose other than private study, scholarship, or research." If a user makes a request for, or later uses, a photocopy or reproduction for purposes in excess of "fair use," that user may be liable for copyright infringement.

ICPSR PROCESSING NOTES FOR #37229

2015 U.S. Transgender Survey (USTS)

DS1: USTS Public Use Dataset (PUDS)

1. **Data Availability:** Please note that the USTS Public Use Dataset (PUDS) is currently restricted from public download and is available only to researchers who have completed and agreed to the terms and conditions of a Restricted Data Use Agreement. This codebook provides variable descriptions and question text with value frequencies suppressed for all variables in the dataset.
2. **P.I. Codebook Page References:** Question text notes and recode descriptions for several variables feature references to numbered pages in the P.I. Codebook.
3. **Confidentiality/Disclosure Risk:** In order to protect respondent anonymity and prevent disclosure risk, values representing individual U.S. territories have been recoded to 60 and labeled "U.S. territory" in the following geographic variables: **Q1_4**, **STATEFIPS**, **Q2_19**, and **BIRTHSTATEFIPS**.
4. **Documentation Discrepancies:** There are question text and categorical discrepancies for the following variables in the dataset:
 - i. **Inconsistent Question Text:** Question text provided for variable **CITIZEN3** in the P.I. Codebook references recodes for variable **CITIZEN4**; ICPSR has not modified this text in the ICPSR Codebook.
 - ii. **Inconsistent Income Categories:** Income categories for question 7.13 in the English Questionnaire do not match income categories provided for variable **Q7_13** value labels in the dataset and P.I. Codebook.
 - iii. **Non-Exclusive Categories:** Variables **Q7_12**, **Q7_13**, **Q7_14**, and **HHINCOME** feature value labels that represent non-exclusive categories. For 6-level income variables **INDINCOME6** and **HHINCOME6**, ICPSR has revised the value 4 label as "\$50,000 to \$99,999" per P.I. request.
5. **Additional Information:** For additional information on the 2015 U.S. Transgender Survey (USTS), please visit the [U.S. Transgender Survey](#) web site and the [National Center for Transgender Equality](#) web site.

ICPSR 37229

2015 U.S. Transgender Survey (USTS)

Variable Description

Summary statistics (minimum, maximum, arithmetic mean, median, mode, and standard deviation) may not be available for every variable in the codebook. Conversely, a listing of frequencies in table format may not be present for every variable in the codebook either. However, all variables in the dataset are present and display sufficient information about each variable. These decisions are made intentionally and are at the discretion of the archive producing this codebook.

USTS Public Use Dataset (PUDS)

IDCODE: United States Transgender Survey (USTS) record ID

USTS record ID

Based upon 27,715 valid cases out of 27,715 total cases.

- Mean: 13858.00
- Minimum: 1.00
- Maximum: 27715.00
- Standard Deviation: 8000.78

Location: 1-5 (width: 5; decimal: 0)

Variable Type: numeric

TIMESUBMITTED: Date and time survey was submitted

Date and time survey was submitted

Based upon 27,715 valid cases out of 27,715 total cases.

Location: 6-22 (width: 17; decimal: 0)

Variable Type: character

SURVEYMONTH: Month in which survey was taken

Month in which survey was taken

Value	Label	Unweighted Frequency	%
1	August	-	-
2	Sept	-	-

Based upon 27,715 valid cases out of 27,715 total cases.

- Minimum: 1.00
- Maximum: 2.00

Location: 23-23 (width: 1; decimal: 0)

Variable Type: numeric

SPANISH: Respondent completed Spanish survey

Respondent completed Spanish survey

Value	Label	Unweighted Frequency	%
0	No	-	-
1	Yes	-	-

Based upon 27,715 valid cases out of 27,715 total cases.

- Minimum: 0.00
- Maximum: 1.00

Location: 24-24 (width: 1; decimal: 0)

Variable Type: numeric

CONSENT: Respondent gives consent to participate in survey

Respondent gives consent to participate in survey

Value	Label	Unweighted Frequency	%
1	I agree and give my consent	-	-

Based upon 27,715 valid cases out of 27,715 total cases.

- Minimum: 1.00
- Maximum: 1.00

Location: 25-25 (width: 1; decimal: 0)

Variable Type: numeric

EDWEIGHTYA: Weight: American Community Survey (ACS) education weight for 18-24 year olds

Weight: ACS education weight for 18-24 year olds

Value	Label	Unweighted Frequency	%
0.63	-	-	-
0.78	-	-	-
1.00	-	-	-
1.56	-	-	-
2.46	-	-	-

Based upon 27,715 valid cases out of 27,715 total cases.

- Mean: 1.00
- Median: 1.00
- Mode: 1.00
- Minimum: 0.63
- Maximum: 2.46
- Standard Deviation: 0.31

Location: 26-29 (width: 4; decimal: 2)

Variable Type: numeric

EDWEIGHTADULT: Weight: American Community Survey (ACS) education weight for 25 and older

Weight: ACS education weight for 25 and older

Value	Label	Unweighted Frequency	%
0.52	-	-	-
0.58	-	-	-
0.73	-	-	-
0.82	-	-	-
1.00	-	-	-
3.73	-	-	-
8.81	-	-	-

Based upon 27,715 valid cases out of 27,715 total cases.

- Mean: 1.00
- Median: 0.82
- Mode: 1.00
- Minimum: 0.52
- Maximum: 8.81
- Standard Deviation: 0.95

Location: 30-33 (width: 4; decimal: 2)

Variable Type: numeric

EDWEIGHTTOTAL: Weight: EDWEIGHTTOTAL = EDWEIGHTYA * EDWEIGHTADULT

Weight: EDWEIGHTTOTAL = EDWEIGHTYA * EDWEIGHTADULT

Value	Label	Unweighted Frequency	%
